	<p>Consensus that we keep the Attitude to Learning Grade for Home Learning. Concern expressed about those students who don't do homework due to SEND etc. Do we apply a N/A to some students or do we just communicate to staff that they have to be aware of these students and not necessarily mark negatively those students on their report. We will look at the information from the reports and adjust accordingly.</p> <p>Concern about the consistency of attitude to learning grades to make sure they reflect the student performance in lessons.
